

Page Pond Community Forest Meredith Conservation Commission - Steward

Directions: From Meredith take Route 25 north for 2 miles to Quarry Rd on the right. Follow Quarry Rd. 0.4 mile, bearing right at the fork to the kiosk. Trails are also accessible from Barnard Ridge Rd and Blueberry Hill Rd (limited parking at Blueberry Hill).

Trail Descriptions:

Page Pond Loop: A moderate 3.7 mile hike with short spur trails to Page Pond, the historic Mill site and a bridge over a beaver dam.

Leavitt Cemetery and Quarry Loop: A level 1.2 mile trail to the Dudley Leavitt family cemetery and the old quarry.

Beaver Pond: A beautiful 0.8 mile side trail through the Sherman Easement that meanders through beaver ponds and wildflowers.

Brook Trail: A quiet 0.6 mile woods path along Page Brook.

Wetlands Loop: A 1.2 mile side trail and spur providing views of a large wetlands with waterfowl and beaver.

Please Remember:

Carry In - Carry Out

Page Field Loop: An easy 0.8 mile walk with a short spur trail to an old homestead. The top of the hill provides a nice view of the Belknap Mountains.

Multi-Use Trail: A 2.0 mile round trip loop that connects to the Page Pond Trail, the Beaver Pond Trail, and the Quarry Rd and Blueberry Hill Rd trailheads. The inner loop is a well graded trail suitable for walking, skiing and snowshoeing, though it does have some steep sections.

Safety

Weather changes may catch you some distance from shelter. Wear sturdy shoes. Carry extra clothing, water, insect repellent, a compass and first aid kit. Cell phones may not work in all locations. Stay on trails. If uncertain, look for blazes. Do not venture onto wetlands or ponds in winter as water flowing under the ice makes weak spots.
