

## **Meredith Public Library Supervised Visitation Policy**

Meredith Public Library's mission is to be the cultural heart of Meredith: a gathering place where community members can acquire and share knowledge.

After careful consideration of the requirements of court ordered supervised visits, the Meredith Public Library does not have the resources required by the state protocols including trained personnel or adequate security. The Meredith Public Library is therefore unable to accommodate these visits.

All requests and concerns related to appropriate visitation sites for court ordered supervised family visitations should be made to the *NH Court System, Division for Children, Youth and Families*, or the organization managing the case.
